## SUTURE PACKAGE CONTENTS

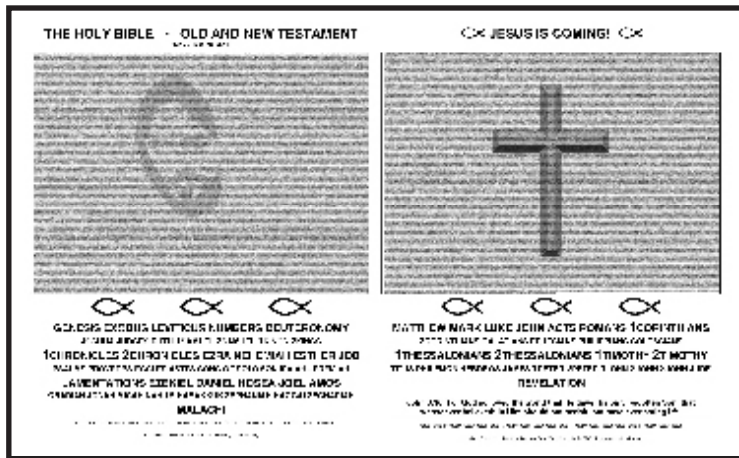

(Subject to change)

- 2 Suture Packs
- 2 Practice Foams
- 1 Needle Holder / Hemostat
- 1 Scissors
- 1 Practice Rope
- 1 Practice Thread
- 1 Suture Booklet

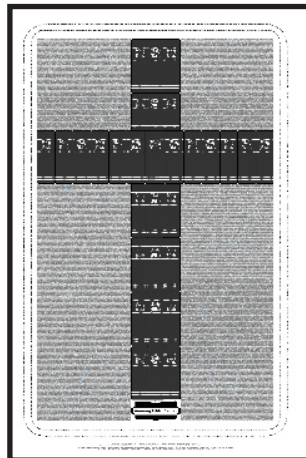

► Enclosed with the practice foam are two velcro stickers. Each sticker should be cut in half, remove the backing from one side and attach one half to the upper portion and one half to the lower portion of the practice foam. This will then allow the practice foam to be adhered to an object such as a board to prevent the practice foam from moving during suturing practice. CAUTION: Use care in making cuts in the foam for your practice lacerations! The adhesive is also very strong making it difficult to remove from an object once adhered.
